

Experience Easter

Children from Leckhampton CE Primary School visited St. Peter's Church for 'Experience Easter'. The children visited five stations around the church and explored aspects of the events of Holy Week. A member of the congregation of St. Peter's was at each station to help the children.

Children, staff, and helpers all found this to be a very moving and meaningful experience.

Mr. Gardner said: "The children's visit to St Peter's Church provided the opportunity to be peaceful, as they thought about the events of Holy Week, reflected on their meaning and were encouraged to respond. The children thoroughly enjoyed the experience, but more importantly it made an impact on their own spiritual development."
